# PPI Adhesive Products Limited

Company Profile

# ABOUT PPI

**PPI Adhesive Products Ltd** was originally established in Ireland in 1970 and commenced production on the Waterford Industrial Estate in 1971.

The company, owned and managed by its Irish board of directors, produce a very extensive and sophisticated range of Technical Adhesive Tapes, Laminates and Die-Cuts for many different applications,

most notably in the Electrical, Electronic, Aerospace, Automotive and Medical sectors,

as well as a wide range of tapes for specialized industrial and high-tech applications.

# BESPOKE PRODUCTION

The company, through its own independent Research & Development Centre based in Waterford, has excelled in developing custom-made products.

Tailored to meet specific and special requirements from customers providing quality solutions to engineering and technical problems.

# QUALITY SOLUTIONS

PPI products are exported to more than 60 countries worldwide and are approved by many of the leading multinational companies in the above-mentioned industries.

The products meet most of the major international standards e.g. EN, VDE, DIN, BSS, IEC, ASTM, UL, MIL, AFERA and CEN and tested in accordance with international standards.

We don't just sell tape ... we sell quality solutions.

# PPI GROUP

The PPI group of companies has the experience and the capability to offer products and services to all of our customers which can fulfil applications ranging from small developing niche areas to highly demanding technical challenges.

## PPI Adhesive Products Ltd

# Technical Adhesive Tapes Ltd

Waterford

Company specialising in the manufacture and distribution of precision die-cut components for electrical, electronic and general industrial applications.

TAP Ltd uses the highest quality pressure-sensitive materials manufactured by PPI Adhesive Products Ltd.

TAP can offer experienced technical know how on all aspects of product die-cutting and design.

# Waterford Research and Development Ltd

Continuously develops self-adhesive products for our own group and for our interested customers.

R&D creates new production techniques and market know-how on all aspects of adhesive products.

# Valentia Industries Ltd

Knights Town

A major specialised producer of release films, located at Knights Town Valentia Island in Ireland.

The company manufactures both single and double-sided siliconised polyester and polypropylene films, for industrial applications that demand interliners, covering and protection films and substrates.

# PPI WORLDWIDE

PPI is active in all 6 Continents, in over 60 countries worldwide.

PPI Adhesive Products Ltd. has two production facilities in Ireland and maintains its own PPI sales companies and sales representatives in Europe (UK, Germany, France, Belgium, Slovakia), Asia (China, Singapore, India), and USA. The company is also represented worldwide by PPI authorized distributors.

**PPI ...Your Partner in Product Innovation**

# Quality and Environment

PPI Adhesive Products Ltd was one of the first self-adhesive tape companies to receive ISO 9001:2000 quality management system certification. We are now ISO 9001:2015 certified.

## CERTIFICATES:

- **ISO 9001:2015** Quality Management System
- **ISO 14001:2015** Environmental Management System
- **ISO 45001:2018** Occupational Health and Safety Management System

# WHY PPI?

„At PPI Adhesive Products Limited we work closely with our customers to provide them with valuable quality solutions to their engineering and technical projects. Our Research & Development and Sales personnel listen to their problems and requirements and endeavour to come up with a solution.

Our Adhesive tape is often the hidden driver of product innovation in many applications and industries. After 50 years in business we are still discovering new uses and applications for our products.“

**Dermot O'Callaghan, Managing Director**
